What has been the most difficult aspect of the COVID pandemic for you?
There has been many difficult things.

What would you like to tell your students during this difficult time?
Always try and find the positive in the situation. Your teachers are here to help!

What is the Best Part of Being a Teacher at Pawnee? I love the smaller class sizes, so that I can get to know my students. I have great co-workers and I love knowing that I am in the same building with my own kids.
